1:45	Break
2:00-3:30	« <i>Au-delà de Paris; vers l'enseignement d'une francophonie plus inclusive</i> »

« *Au-delà de Paris; vers l'enseignement d'une francophonie plus inclusive* »
Presenters: Françoise Piron and Joy Cummings

Last fall we had the opportunity to present a workshop at the NYSAFLT Annual Conference, and are honored to share an updated and more interactive version with our francophone friends from Central New York.

The themes that we will cover will include:

- How to better incorporate the rich diversity of la Francophonie
- Some of our favorite authentic resources that can be incorporated into everyday lessons
- 21st century resources to inspire genuine dialogue
- Up-to-date authentic pronouns and language, and ideas of how to introduce this in your classroom

Tout le monde est bienvenu !

Certificates for three hours of PD will be available after the conclusion of the workshop.
